Allsteel: Parallel

May 18, 2016

A collection of soft seating and coordinating tables for reception and collaborative areas, Parallel was created in partnership with Los Angeles-based designer Chris Adamick. The modular club chairs, club plus lounge, sofa, and side and coffee tables can be placed back-to-back or grouped in several configurations. They are upholstered in a range of dimensional fabrics from HBF Textiles. Base options include polished chrome and three standard paint finishes: carbon, silver, and brilliant white.
